

MD. NAFIS SALMAN

ENGINEER, INCIDENT RESPONDER

✉ nafissalman.cse@gmail.com

☎ +8801680281293

🏠 Rampura, Banasree, Dhaka-1219, Bangladesh

◆ PERSONAL DETAILS

Date of Birth
02.11.1995

Nationality
Bangladeshi

◆ TECHNICAL SKILLS

- › SIEM, XDR, EDR
- › Security Analysis
- › Programming (Python)
- › Git / GitHub
- › Windows & Linux OS
- › Vulnerability Assessment
- › Network Protocols (TCP/IP, HTTP/S)
- › OWASP Top 10
- › Static Analysis Tools
- › Network Types (LAN/WAN/MAN)
- › App, DB & Network Security

◆ TOOLS & TECHNOLOGIES

- › SIEM - Stellar Cyber
- › Pentera
- › WAF - Radware
- › Wireshark
- › Nmap
- › Metasploit
- › Nessus
- › John The Ripper
- › Maltego
- › ZAP Proxy
- › Oracle VirtualBox

OBJECTIVE

More than 8 years' experience in the IT industry — significantly in cyber security consulting, software development, computer & digital device manufacturing, and industrial automation, actively involved across different projects. A strong information technology professional with a Bachelor of Science in Computer Science & Engineering, currently working at Express Systems Limited as an Incident Responder. A cyber security practitioner with hands-on experience in Windows Server and Linux-based OS, and working knowledge of SIEM-Stellar Cyber, Pentera, WAF-Radware, Wireshark, Nmap, Metasploit and Oracle VirtualBox. Goal: to become a leading Cyber Security Professional.

EXPERIENCE

Engineer, Incident Responder

16 Aug 2025 – Continuing

Express Systems Limited | Dhaka Division, Bangladesh

- Monitor and analyze security alerts and events
- Respond to cybersecurity incidents in a timely manner
- Collaborate with NOC and security teams to contain and remediate threats
- Document incidents and create detailed reports
- Identify and mitigate vulnerabilities in systems and networks
- Stay current with emerging threats and cybersecurity trends
- Provide recommendations for improving security posture
- Research the company's system and network structure
- Perform detailed vulnerability analysis and exploit known vulnerabilities to assess resilience against real-world threats
- Troubleshooting and issue resolution; incident reporting and management

Sr. Executive, Cyber Security Engineer

Jun 2021 – Aug 2025

Dohatec New Media | Dhaka Division, Bangladesh

- Tested and identified network and system vulnerabilities; researched company system/network structure
- Performed detailed vulnerability analysis and exploited known vulnerabilities to assess real-world resilience
- Provided training and awareness programs on cybersecurity risks, safe computing practices, and incident response
- Participated in red teaming exercises to assess the organisation's overall security posture
- Contributed to development and enhancement of cybersecurity frameworks and methodologies
- Identified security issues through code review; troubleshoot security and network problems
- Reported e-PMIS system issues to senior security engineer; monitored in-house IT executives
- Researched and resolved software issues; escalated unresolved issues to appropriate internal teams
- Followed up with clients to ensure IT systems were fully functional after troubleshooting

Principal Officer, IT Security Engineer

Jan 2020 – May 2021

Walton Group (Walton Digi-Tech Industries Limited) | Bashundhara, Dhaka-1219

- Monitored and analyzed security alerts and logs to identify potential threats
- Assisted in developing and implementing security policies and procedures
- Collaborated with IT and other departments to ensure security best practices were followed
- Helped investigate and respond to security incidents
- Applied strong analytical skills to assess security threats and vulnerabilities
- Used tools including Nmap, ZAP Proxy, Metasploit, Wireshark, Nessus, John The Ripper and Maltego

◆ CERTIFICATIONS

- › Certified Ethical Hacker (CEHv12), EC-Council
- › EC-Council Certified Incident Handler
- › Certified SOC Analyst
- › Computer Hacking Forensic Investigator v11 (CHFI)
- › Ethical Hacker by CISCO

◆ TRAINING

- › IT Training on Web Development — George Washington University, USA (5 Months)
- › Professional ASP.NET Training — Daffodil International University (5 Months)
- › Web UI & Graphics Design — BASIS (3 Months)

◆ WORKSHOPS

- › AWS Cloud Workshop (Two Days)
- › Art of Effective Communication — Rotaract Club of Dhaka (One Day)

Jr. Automation Engineer

Jan 2018 – Dec 2019

Alphatek Engineering | Motijheel, Tikatoli — Engineering Marketing

- Delivered industrial automation projects: Shampoo Packing Machine Automation (Unilever BD), Freeze Compressor Machine Automation (Walton Bangladesh), Complete Feed Mills Automation by SCADA
- Kept customer software up to date; visited industry sites and head offices to generate new business
- Prepared and submitted quotations, invoices and challans; handled customer queries
- Conducted market research, planning, customer visits and business negotiations
- Maintained healthy customer relations and delivered product presentations
- Performed truck-scale indicator calibration, cable prep, software installation and parameter setting

EDUCATION

2024–2025	Master's of Science in Cyber Security (M.Sc) <i>Bangladesh University of Professionals, Dhaka</i>	CGPA 3.29/4.00
2014–2018	B.Sc. in Computer Science & Engineering <i>Daffodil International University, Dhaka</i>	CGPA 2.92/4.00
2011–2013	Higher Secondary Certificate (Science) <i>Royal Media College, Mymensingh</i>	CGPA 4.10/5.00
2009–2011	Secondary School Certificate (Science) <i>Mrityunjoy School, Mymensingh</i>	CGPA 4.69/5.00

PROJECTS

Final Year Project (Undergraduate)

"An Automated Student Online Course Registration System Integrated with Smart Class Routine in Campus."

Undergraduate Academic Projects

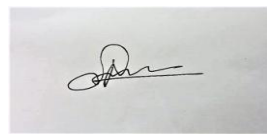

- Floppy Bird game in Unity (C#)
- Baby Escape game (Java)
- Voice Control Robot — Embedded Systems project
- Calculator project (C programming)

ACHIEVEMENTS & CONFERENCE

- Received a student scholarship from the Government of Bangladesh in Class Five — one of the proudest achievements of school life
- Certified participant, 17th International Conference on Computer and Information Technology (ICCIT) – 2014

APPLICANT'S DECLARATION

I declare that all the information I have given in this application is true and authentic.
